

## MANDATORY SIGN-IN FOR ALL CLUB COMPETITIONS

Dear BPGC Members

From the 1<sup>st</sup> of November 2021, please note the following change.

It will be mandatory for ALL players to sign-in, via the club's flatscreen, to ALL club competitions (weekend & midweek) going forward.

For entry to some competitions (men's champ, ladies champ & match play comps) players will still be asked to manually register before the event to confirm numbers and for the purposes of arranging competition draws/block tee times.

Players should also continue to sign-in for General/Social play (only when players wish their rounds to be for HCI adjustment).

The requirement to sign-in to club competitions, via the paper system previously used, will be withdrawn from 1<sup>st</sup> November.

Players should note that after sign-in on the flatscreen, the system will display your current HCI and your PH & CH for that round of golf. These values are automatically calculated by the system and should be entered onto your physical scorecard.

There is now a 60min (minimum) delay after sign-in before the system will allow a score to be entered.

If you wish to register & validate via your phone's EG App for a General/Social round (not club comps) there is no requirement to register on HM as above. Players must sign-in and carry out score entry on the same device please.

Below are sample screenshots showing the sign-in process via the flatscreen for a Club Competition for your guidance (titled "Test" which we be replaced by actual day's club comp name from 1<sup>st</sup> Nov).
