Follow the verification process via the email you receive.

Set a new password and enter the site to view your projected Handicap Index and previous scores.

Once a golfer has registered and logged in to My England Golf, they will gain access to a new range of functions including:

- WHS Handicap Index
- WHS handicap record
- Graphics highlighting the best eight scores from 20 (or the sliding scale formula used to calculate the index)

In addition, golfers will be able to interact with fellow golf club members around the country through features such as:

- Inviting friends to join their online community
- Viewing their position in the rankings at club, County and National level

**NB. This access will only allow you to view scoring records and will not be the route to enter new scores.**

**BBP will continue to use Master Scoreboard to allow members to enter competition scores (via the Flat Screen or online via mobiles) and general play score cards (via the flat screen).**
