

COMPLETING YOUR SCORECARD

1. **Competition** – write the competition name, 'General Play' or 'For handicap' (if a handicap index has not been allocated) in the space provided.
2. **Date of play**
3. **Player A** – write your name and Handicap Index and make sure you write your gross hole scores under Column A on the card.
4. **Ring** - the tee colour to be used for your round.
5. **Player B** – write the name of the person whose card you are marking and write their gross hole scores under Column B.
6. **Marker** – write the name of the golfer who is marking your card at the bottom left of the scorecard.
(**Please note:** If playing in a three-ball you may be marking the card of one player but a different player marking your card)
7. **Sign** - your own card and remember to place it in the box.

Players using an app to enter a score from another club where they are not a member, should return their cards to their Home club.

Please be advised that incorrectly completing your card or not leaving it in the box for certification, may result in disqualification from a competition or your score not counting for General Play handicap purposes.

Kind regards
Andy Lester & Clive Simpson
